STEP 3 Other things to consider

Limits

This policy has restrictions that limit your cover for certain events and items, for example, unfixed building materials intended to be used for repairs, alterations or additions to your home at the site are covered for a maximum \$2,000. To find out these limits you need to read the PDS and other relevant policy documentation.

Excesses

If you make a claim, the excess is the amount you may have to pay for each incident. A number of different excesses may apply in respect to this policy, for example, for damage that occurs as the result of an earthquake or tsunami, you will need to pay a minimum excess of \$250, or the excess shown on your policy schedule, if the excess on the policy schedule is a higher amount. You may be able to increase these excesses to lower your premium. For more detail, please read the PDS and other policy documentation.

Legal liability

This policy covers your legal liability when you are found to be legally responsible for damage or personal injury to a third party or their property. It is limited to \$30 million. You should read the PDS carefully to determine the extent of this cover.

Cooling off period

If you decide you don't want this policy within 21 days of it being issued and you haven't made a claim, you can cancel it and receive a refund.

Maximum level of cover offered by insurers

Insurers offer different maximum levels of cover in the event of loss or destruction of your home including where:

- you set the maximum level of cover and your payout is limited to that amount* (sum insured).
- you set the maximum level of cover and the insurer may provide you with some agreed extra cover above that amount (Sum insured plus safety net).
- the insurer will cover all the reasonable costs to rebuild your home (Total replacement).

*the insurer may provide some cover above this amount.

You should consider which type of cover is best for you.

Failure to adequately insure your home may result in underinsurance

Warning: this Key Facts Sheet sets out some of the conditions, exclusions and limits in respect to this policy. You should read the PDS and all policy documentation for all the conditions, exclusions and limitations of this policy that limit or exclude cover
