

QBE Professional Liability Legal Panel

Legal advice when you need it

Our QBE legal panel is made up of experienced lawyers, with expertise in professional liability claims. If you're concerned that you may be subject to a professional liability claim, we've arranged for our panel firms to assist you by giving you a one hour free consultation if something happens which you think may result in a claim being made against you.

How to access the QBE Legal Panel

If you notify us of a claim, or a potential claim, we can put you in touch with one of our panel firms. Alternatively, you can contact one of the panel firms directly by contacting the partners in one of the firms in your state or territory below.

If the firm you've contacted tells you they can't assist you because of a conflict of interest, you can choose to contact one of our other panel firms in your state or territory.
